

Biography

Jake Rahman

**Managing Director, UK
Sales Director, Netherlands &
Scandinavia**

Jake comes to the MSE Group with a wealth of experience garnered from an extensive career in patient and surgical simulation. Starting his career as an Operating Department Practitioner (ODP), Jake has a first-hand understanding of our customers' unique challenges in the clinical work-place. His insights are invaluable in driving ideas behind our product and service offerings that truly support our customers' great work in healthcare education.

When he's not *strategizing*, he's enjoying playing his synthesizers, making music that thankfully none of us will ever hear!
